MACHINE SHOP:

VMC Machine	1nos
CNC Machine	2nos
M1TRO Machine	1nos
Lathes Conversional	6nos
Cylindrical Grinding	1nos
Special ID Grinding	1nos
Milling Machine	1nos
Drill Machine	2nos
Radial Drill Machine	2nos
Bend saw Cutting Machine	1nos

SATISFIED CUSTOMERS:

Forbes Marshall Pvt. Ltd.
VolksWagen India Pvt. Ltd.
Indo Chains Raipur Pvt. Ltd.
Bevcon Wayors Pvt. Ltd.
Heko Chains India Pvt. Ltd
Bosch Chassis System Pvt. Ltd.

M/S Precision Technology & Heat Treaters.

We have also Heat treatment & Induction Hardening facility available in our 2nd firm over an area of 4000 sqft formally known as **M/S Precision Technology & Heat Treaters.**

PTHT well equipped plant set up having pit type Gas Carburising Furnace with Sealed Quench and output type furnaces, in which we carryout various heat treatment operations like Case Hardening, Hardening, Carburising & Tempering, Normalising, Induction Hardening & Tempering, Induction Softening etc.

LIST OF EQUIPMENT FOR HARDENING :

- Pit Type Gas Carburising Cum Hardening furnace- 650kg per batch capacity, Dai 650mm X 1200 mm height.

Regd. Office: Sarve No : 25, Gulave wasti, Opp-Sajan Bekari, M.I.D.C. Bhosari Pune - 411 026

Factory Address: F2 Block 57/18, Near Pimpri Gases, M.I.D.C Pimpri Pune -411018

Mob: +91 9689993400 Email: sudarshanengg.works@yahoo.com

- Quenching tank - 1800 x 1800 x 2500 Depth.
- Vertical loading Emersion Cum Spray Washing Machine.
- Pit Type Tempering Furnace- Dai 750 x 1200 Depth.
- Induction Hardening Machine 50KW with PLC Control, Capacity Dai 10mm to 180mm x 600 mm length. Case dept 0.5 mm to 7.00 mm.

Calibrated instruments are heart of any machinery set up & Heat treatment industry, The equipment traceable to the National & International standard. The Heat Treatment laboratory unit comprises of qualified and experience persons in the field of Heat Treatment.

LIST OF TESTING EQUIPMENT :

- Met scope- I
- Rockwell Hardness Tester with HRC, HRB, HRA & superficial Hardness Testing facility.
- Digital Automatic Turret Micro Vickers Hardness Tester.
- Brindl Hardness Testers.
- Abrasive Cut of Machine.
- Automatic Mounting Frame.
- Polishing Machine.
- Metrological Microscope.
- Micro Hardness Tester with load arrangement of .01Gm to 1.00 Kg

SATISFIED CUSTOMERS IN HEAT TREATMENT PROCESS ONLY:

- Trinity India Forge Pvt Ltd.
- Deccan Mechanical & Chemical Industries Pvt. Ltd. (DEMECH)
- Mahindra Defence Nevel Pvt Ltd.
- Patson Auto Pvt Ltd.
- Quality Auto Component Pvt Ltd.
- Involute Technologies Pvt Ltd
